

PLANNING FOR A BETTER TOMORROW

Mercedes College

ASPIRE EXCEL LEAD

The Mercedes College Strategic Plan 2020 – 2022 is the result of a community consultation process where students, staff and parents were invited to share their views and help define the College's strategic direction for the future. The Strategic Plan has been written to support the College's vision, mission and Mercy values. We are particularly proud of 'the student voice' that contributed to the plan. Representatives from all year groups contributed their ideas and students were also part of the Steering Committee working with our external facilitator to implement the process.

The College offers students an innovative, Catholic education inspired by the life of Jesus and Catherine McAuley. Our place as an inner-city College provides students with Perth's best cultural and learning centres offering experiences beyond the classroom. Students are educated in a supportive, caring environment that challenges them to aim for personal excellence and empowers them to be confident young women able to make a positive difference to the lives of others.
